

Building Bridges

We are delighted to announce the start of our Building Bridges Program in the Baltimore/DC region starting on March 9, 2024!

Building Bridges sessions are designed as engaging and inspiring in-person learning experiences consisting of a series of workshops designed to introduce the anthroposophical foundations of Waldorf education through study, group discussion, and the practice of the arts. With in-person long weekends, supplemented with some virtual learning, participants in Building Bridges will earn the equivalent of the first semester of teacher education, and upon subsequent entry in Antioch University can be awarded 7 graduate credits in advance standing.
